L1T Structure

- The Level 1 Trigger is a complex system with several sub-systems and monitoring tools, currently:
 - Subsystem specif monitoring
 - L1 specif web based monitoring (l1 page)
 - DQM Monitoring
 - Experiment wide WbM (L1T tools also)

- Subsystems manpower dedicated to monitoring:
 - RCT: 1-2 persons (~ 0.1 -0.4 FTE)
 - GCT: 1 person (part time)
 - GT/GMT: 1 person (part time)
 - Unknown for other subsystems
- L1T DQM dedicated team
 - 4 people (~ 1.5 FTE)
- WbM central team
 - Depends on amount of work necessary to update current tools
